

Trimble Access Sync og TCC Thor Ivar Nygård, Norgeodesi AS

Dataflyt og muligheter med TCC

Tre forskjellige måter å overføre data mellom felt og kontor !

- Bruk TCC (Trimble Connected Community) direkte
- Bruk TBC (Trimble Business Centre) direkte
- Bruk TCC Explorer (jobb i Windows utforsker miljøet, som du allerede kjenner)

Bruk TCC Direkte

- Første valg er å bruke TCC direkte.
- Gå til: <u>https://www.myconnectedsite.com</u>
- Gi inn:
 - Bruker ID
 - Organisasjon
 - Passord

Trimble

TCC Direkte

Trimble.

Naviger til 'file page', og finn brukeren og måleboka du vil sende data til

TCC Direkte – i felt

Gå til Trimble ACCESS hovedmeny, og trykk på 'bruker informasjon'

Tast inn bruker, passord o.l og press "Next"

..og når du er ferdig, velger du hvilken 'site' du vil bruke

Select Site
Choose the Trimble Connected Community site containing the projects to be synchronised.
UK 🔹
☑ I agree to the TCC terms of use. See www.myconnectedsite.com
Cancel 🖌 🗲 Back Next 🔶

Innloggingen startes

🔊 Login Progress 🛛 💽 🖓 🖓
Logged in OK
Container eiter link velanere vurik
Getting site list, please wait.
Cancel 🖌 🔶 Back Next 🔶

Avslutt innloggingen ved å klikke på "Finish"

Trimble

TCC Direkte

Tilbake i hovedmenyen, trykker du på "Sync" knappen

Bruker

Synkroniseringen starter

'Site'n du kobler deg opp mot

Trimble.

Bruk TBC

Den andre muligheten er å bruke TBC direkte.

Start TBC

Trimble Business Center

Ţ	Welcome to Trimble Busin	ess Center	
	 Start a new project Import and process new survey data. Open an existing project Add data or make changes to an existing project. Open a project stored on TCC Work with a project stored on the Trimble Connected Community (TCC) Web site. Open Trimble Access Services Access a variety of Web services that can help you work smarter. 	 View the tutorials Learn Trimble Business Center the "hands-on" way. View the Read Me file Read "last minute" release information. View the Release Notes Learn what's new in this release of Trimble Business Center. View the online Help Also, press F1 at any time to get the help you need when working with the software. 	

Trimble.

Bruk TBC

Trimble.

Fra 'Trimble ACCESS Services', velger du riktig 'site' Aktivelgsan Fstee pload

Bruk 'TCC Explorer'

- Den tredje muligheten kan være å bruke TCC utforsker
- TCC utforsker lar deg 'speile' den valgte mappen på TCC til din PC/Server
- Så i stedet for å logge inn på TCC eller TBC hver gang du vil laste opp data, kan du simpelthen jobbe på PC'n. Hver endring i pc-mappen blir så 'speilet' til TCC (og hver endring i felt, blir speilet inn til pc'n via TCC)

Bruk TCC Explorer

Høyreklikk på mappen, og du vil få opp en TCC Explorer meny

Strimble.

ame			Date modified	Туре		Size	
Download	Data	1	05/01/2011 13:49	File f	older
